

ConnectSmart®
RecipesPlus

Discover a better way of working.

With ConnectSmart® RecipesPlus, your kitchen operates smoother than ever. Recipes can be searched quickly, translated instantly, and implemented across all your restaurants consistently. This easy-to-use recipe software is helpful for training, quality control, and reducing the clutter and cost of recipe binders. ConnectSmart RecipesPlus ensures accuracy and consistency with minimal training effort when introducing new products and personnel.

- ✓ Translations powered by AI
- ✓ Streamlined Employee Training
- ✓ Instant Recipe Updates Across Locations
- ✓ Easy-to-read Allergen Information

CLEAR & TRANSLATABLE INFORMATION

AI-language translations mean a diverse staff can read and understand every recipe. Plus, you can see allergen information, special cooking instructions, and contamination warnings in an easy-to-see way.

CREATE A CONSISTENT DINING EXPERIENCE

ConnectSmart® RecipesPlus gives you a single system for your brand's unique recipes to live. Think of it like a digital recipe book and a safety net that your staff can use to learn your menu.

TRAIN & RETAIN EMPLOYEES

Employee turnover can lead to order inaccuracies and an overall poor guest experience. By streamlining employee training with ConnectSmart® RecipesPlus, retention numbers go up and time spent training goes down.

UPDATE MENU ITEMS ACROSS YOUR WHOLE SYSTEM

New menu item? With ConnectSmart® RecipesPlus, instantly update menu items throughout your entire system, all from one centralized location.
